MADDY KEYNOTE 24, The EVENT That BUILDS THE FUTURE

RESERVED FOR HEIGHT GAIN AND REFLECTION

PARIS, 08.04.2024, 07:30 Time

USPA NEWS - The Emergence of a Global Economy implies the Need for some Form of Global Economic Governance. The Same Functions that Governments perform at the National Level will somehow have to be performed at the Global Level. There should be No Illusion as to where the Real Power in Decision-Making relating to the Global Economy will, for the present, continue to rest - that is, with the Economically Strongest Countries, Firms and Organizations... Money still talks. Even within "Democracies", Power and Interest usually prevails over Social Objectives...

The Emergence of a Global Economy implies the Need for some Form of Global Economic Governance. The Same Functions that Governments perform at the National Level will somehow have to be performed at the Global Level. There should be No Illusion as to where the Real Power in Decision-Making relating to the Global Economy will, for the present, continue to rest - that is, with the Economically Strongest Countries, Firms and Organizations... Money still talks. Even within "Democracies", Power and Interest usually prevails over Social Objectives...

The Growth and Development of Countries in a Globalizing World undoubtedly depend on their Economic Activities. Businesses operating in the Economy try to achieve Competitive Advantage by closely following the Technology and developing Different Strategies in the Production and Marketing of Goods and Services.

The Tourism Sector and the Export of High Value Added Products also contribute to the Economic Development of a Country. It also provides a Significant Amount of Foreign Currency inflow to the Country. Therefore, in the Competitive Global Market, it is important for Businesses to focus on these Sectoral and Economic Activities. In this way, Countries will be able to feel the Reflections of Economic Developments.
