Long Lake Fire Being Held

Some Evacuation Orders Lifted

Dartmouth, Nova Scotia, 16.09.2025, 02:30 Time

USPA NEWS - The Long Lake wildfires complex has been held at an estimated 8,468 hectares.
No new damage reports have been received.

Tomorrow, additional property owners outside the active wildfire zone will be allowed to return home. However, other evacuated areas remain unsafe for re-entry at present.

Crews have established a fire break within the active wildfire zone at the southern end to assist in containing the fire's spread in the interior. Dry conditions persist, causing the fire to burn more deeply. Crews are dedicating time to excavate and locate underground hotspots to extinguish them.

Currently available resources comprise 5 helicopters, 4 planes and a bird dog, 2 pieces of heavy equipment and 7 water tankers. On-site personnel include 50 Department of Natural Resources firefighters, 20 from Quebec, plus support staff.
